

License Plate Readers County Right of Way

Detective Jacob Coulson - Eagan Police Department

Sheriff Joe Leko

1

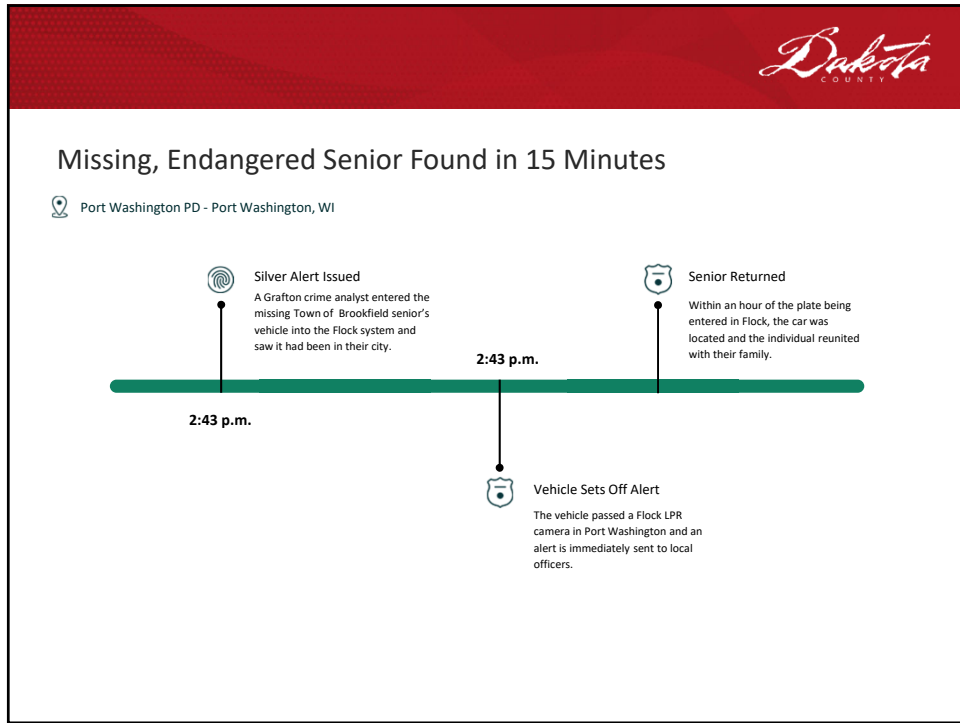

What is Flock Safety and ALPR?

ALPR Use Cases Include:

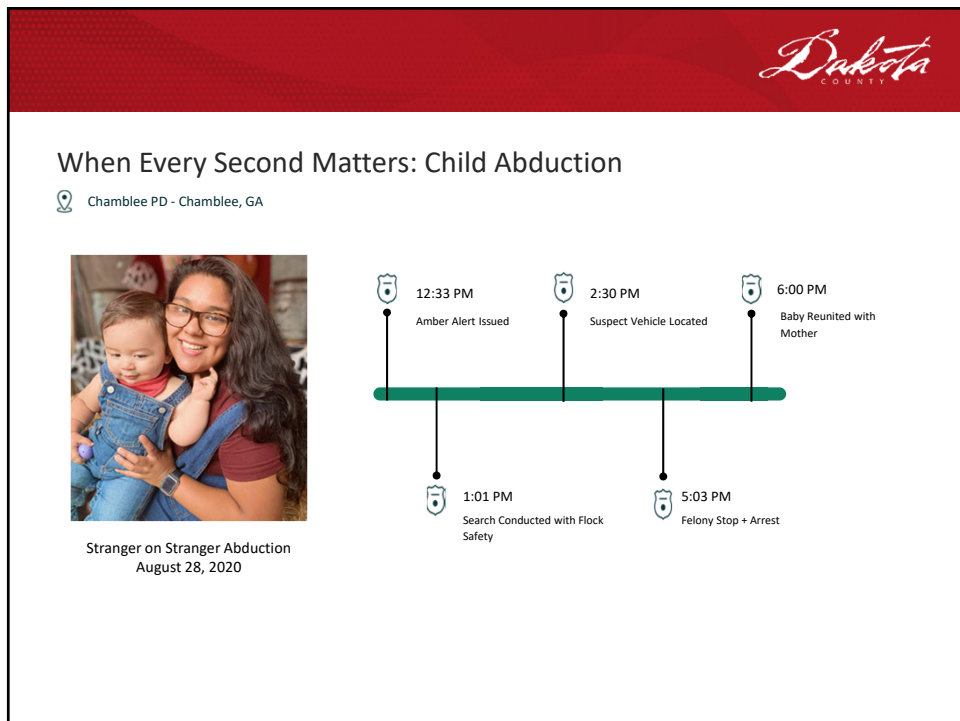

- Amber Alerts
- Silver Alerts
- Organized Theft
- Auto Thefts/Stolen Vehicles
- Investigation tool

2

3

4

Immediate Crime-Solving ROI

 Morgan Hill PD - Morgan Hill, CA

→ **2.5 Month Update:** 51 Stolen Vehicles Recovered and 66 Arrests Made

- ◆ In the first two weeks, Morgan Hill PD recovered 9 stolen vehicles
- ◆ Occupants of different stolen vehicles were found with shaved ignition keys, burglary tools, stolen catalytic converters, and outstanding warrants. All suspects were from outside of Morgan Hill.
- ◆ Morgan PD stated that **“without Flock it would take 8 months to achieve similar results”**

5

What it IS	What it is NOT
<ul style="list-style-type: none"> License plate recognition Gathers objective evidence and facts about vehicles, not people Alerts law enforcement of wanted vehicles Used to solve crime Adheres to all state laws 	<ul style="list-style-type: none"> Not facial recognition Not tied to Personal Identifiable Information No Personal Identifiable Information is contained in Flock Not used for traffic enforcement Data not stored beyond 30 days → <i>automatically deletes every 30 days</i>

6

Protecting Privacy

- Footage owned by Agency/City and will never be sold or shared by Flock
- All data is stored securely in the AWS Cloud, and end to end encryption of all data
- Search reason is required for audit trail
- 30 day data retention, then deleted
- Short retention period ensures that all data not associated with a crime is automatically deleted & unrecoverable
- Takes human bias out of crime-solving by detecting objective data, and detecting events that are objectively illegal (ex. Stolen vehicles)
