

Dakota County Transportation Sales and Use Tax

The Dakota County Transportation Sales and Use Tax fund provides investments in regional and multi-modal transportation projects as part of the broader county transportation system. The funds are collected through a quarter-cent sales tax and \$20 excise tax on new vehicle sales authorized under Minn. Stat. §297A.993. The tax was enacted by the Dakota County Board of Commissioners on October 1, 2017.

Dakota County designated the use of the tax for regional multi-modal transportation projects. These types of projects have been defined by the county as those that meet the following criteria:

- Regional transitway capital and operating costs
- County road projects
 - Principal arterials
 - Highways with greater than one-half mile access spacing
 - 10-ton highway replacement and modernization, and expansion projects
 - 4-lane county roads on new alignment
 - County State Aid Highways
 - County roadways
- Trunk Highway projects
- Transit service expansion capital and operating costs
- Regional trail and greenway projects
- Capital cost of constructing buildings for maintaining transportation/transit projects or improvements
