7. Authorization to acquire and own land for conservation purposes.

Public safety and corrections

Dakota County supports:

1. Expanded, indexed and sustainable funding levels for community supervision of people in the corrections system.
2. Full funding of the research-driven community supervision funding formula in state statute to ensure effective implementation of these critical policy reforms continue after the sunset of supervision fees in 2029.
3. Programs and policies that promote safe communities through effective prevention, education, supervision and treatment.
4. State funding for the recruitment, retention and training of law enforcement officers.
5. The state fully funding the costs for continued health insurance costs for public safety officers disabled in the line of duty under Minn. Stat. § 299A.465.

State government

Dakota County supports:

1. Full funding of local costs for or relaxation of state mandates.
2. Reformation of the Metropolitan Council governance structure to increase accountability to their regional constituency.

Transportation

Dakota County supports:

1. A statewide, integrated, multi-modal transportation system that keeps Minnesota competitive in a global marketplace with long-term sustainable funding to ensure safe systems that efficiently move people and goods.
2. Allocation of new state funds for state-mandated greenhouse gas mitigation efforts, and the expansion of allowable greenhouse gas mitigation strategies to include credits for natural resource improvements and green energy.

3. Transit development that better serves the interests of suburban counties, such as east-west oriented service since many transitways in Dakota County are focused on north-south travel to Minnesota and St. Paul. Current Met Council transit planning does not meet the needs of Dakota County residents and commuters.

Highways and Bridges

1. Issuing general obligation bonds for the Local Road Improvement, Local Bridge Replacement Bonding and Local Road Wetland Replacement programs.
2. Issuing trunk highway bonds contingent upon increased long-term funding.
3. Maintaining the current distribution of the Motor Vehicle Lease Sales Tax.
4. Prohibiting the diversion of Transportation Advancement Account funds from counties to the Metropolitan Council.

Rail

1. Efforts to encourage railroads to work with local governments on opportunities to improve safe crossings near and along rail corridors.
2. State and local acquisition of rail corridors that are currently under- or un-utilized to improve non-motorized transportation systems.

Federal

Dakota County supports:

1. Efforts to encourage railroads to work with local governments on opportunities to improve safe crossings near and along rail corridors.
2. Efforts to support state and local acquisition of rail corridors that are currently under- or un-utilized to improve non-motorized transportation systems.
3. Ensuring federal approval as necessary of human services administrative waivers passed by the Minnesota Legislature in 2021.
4. Federal funding to support improvement of the Interstate 35/County Road 50 interchange.
5. The amendment of the Medicaid Inmate Exclusion Policy in the Social Security Act, allowing pre-trial detainees to access Medicaid services while awaiting trial and in the month prior to release from incarceration. Doing so will support appropriate supports for mental health and substance use disorder treatment that will increase health and decrease recidivism.
