

Performance Measure Results

State Standard Measures 2025

BACKGROUND

In 2010, the State Legislature created the Council on Local Results and Innovation to develop standard performance measures for Minnesota cities and counties. In February 2011, the Council released a standard set of performance measures to help residents, taxpayers, and elected officials determine whether counties provide services efficiently and effectively, and to measure residents' opinions of those services. In 2011, Dakota County voluntarily agreed to participate in the program. To meet 2025 program requirements, the following results are reported for the 10 adopted measures using the most recent data available.

PUBLIC SAFETY

Group A and B Crime Rate

There are two categories of crime reported within the National Incident-Based Reporting System (NIBRS): Group A and Group B.

Group A crimes include murder, rape, aggravated assault, burglary, larceny, motor vehicle theft, arson, human trafficking, counterfeiting/forgery, embezzlement, sex offenses, stolen property, prostitution, gambling, vandalism, weapons, and narcotics.

Group B crimes include all crimes that are not Group A offenses. Examples of Group B crimes include bad checks, curfew/loitering/vagrancy violations, disorderly conduct, driving under the influence, drunkenness, nonviolent family offenses, liquor law violations, peeping tom, trespass of real property, and all other offenses.

Group A: 29.51

Group B: 5.26

ENVIRONMENT

Amount of Hazardous Household Waste and Electronics Collected

Ensuring the appropriate disposal of residual chemicals, household products, and electronic devices is crucial for safeguarding both the environment and public health. Dakota County actively promotes responsible waste management by providing accessible avenues for the collection and disposal of electronic devices and household hazardous waste. The Recycling Zone, in conjunction with a one-day collection event, serves as dedicated drop-off points for a wide range of items, including paints, pesticides, acids/bases, solvents, batteries, fluorescent bulbs, and other miscellaneous chemicals. By participating in these disposal initiatives, individuals contribute to the preservation of the environment and the well-being of both present and future generations.

Hazardous Waste: 1,880,215 lbs

Electronics: 1,091,712 lbs
