JOINT POWERS AGREEMENT BETWEEN THE COUNTY OF DAKOTA AND THE CITY OF FARMINGTON FOR MAINTENANCE OF GREENWAYS. TRAILS AND ASSOCIATED IMPROVEMENTS

This Joint Powers Agreement ("Agreement") is between the County of Dakota, by and through Dakota County Parks ("County") and the City of Farmington ("City"). This Agreement uses the word "Parties" for both the County and the City.

WHEREAS, the County and City are governmental units as that term is defined in Minn. Stat. § 471.59.

WHEREAS, Minn. Stat. § 471.59 authorizes local governmental units to jointly or cooperatively exercise any power common to the contracting parties.

WHEREAS, the Parties have cooperated and intend to continue to cooperate in the construction of various Greenway and other regional and local trail segments and associated improvements within the City.

WHEREAS, the City and County recognize that it may be efficient and cost-effective to share resources and cooperate in maintaining certain Greenway and trail segments and their associated improvements.

WHEREAS, the City and the County further recognize that it will be efficient to have a single master maintenance agreement for all Greenway and trail segments within the City, and to provide for that agreement to be modified over time as improvements are added or removed and as cooperative opportunities and maintenance efficiencies may change.

WHEREAS, the City and the County therefore desire to enter into this Agreement for the purpose of identifying cooperative maintenance opportunities and the responsibilities of the Parties for maintaining various regional and local improvements within the City.

NOW, THEREFORE, the Parties agree as follows:

ARTICLE 1 PURPOSE

The purpose of this Agreement is to set out the respective duties and responsibilities of the County and the City for the maintenance of Greenways and other regional and local trail segments located within the City and their associated improvements, as more fully described herein.

ARTICLE 2 TERM

This Agreement shall be effective as of the date of the signatures of the Parties (the "Effective Date") and shall remain in effect until terminated as provided herein, or until termination is required by operation of law or by decision of a court of competent jurisdiction.

ARTICLE 3 MAINTENANCE

- 4.1 County Maintenance Obligations. Unless otherwise specified in this Agreement, including within any Exhibit to this Agreement, the County will be responsible for the routine maintenance, repair and replacement of the County's trail improvements located within the Greenway segment(s) shown on the attached Exhibit 1 (the "Greenway Improvements"), at no cost to the City. The County's maintenance obligations shall be limited to those Greenway Improvements constructed within areas for which the County has an easement or other right to use and maintain property for the Greenway Improvements, including through this Agreement, as determined by the County. The County will maintain, repair and replace the Greenway Improvements according to the County's then-existing maintenance service standards, subject to available funding, and according to a schedule to be determined by the County in its sole discretion.
- **4.2** <u>City Maintenance Obligations.</u> Unless otherwise specified in this Agreement, including within any Exhibit to this Agreement, the City will be responsible for all routine maintenance, repair and replacement of any City-owned trail improvements connected to the Greenway Improvements (the "City Improvements"), at no cost to the County. The City will maintain the City Improvements according to the City's then-existing maintenance service standards, subject to available funding, and according to a schedule to be determined by the City in its sole discretion.

4.3 Cooperative Maintenance Responsibilities, Payment.

- 4.3.1 <u>City Greenway Maintenance</u>. The City will be responsible for routine maintenance for those Greenway Improvement segments shown on Exhibit 2 and any addendum to Exhibit 2 (collectively referred to herein as "Exhibit 2"). The specific tasks required for routine maintenance relating to individual Greenway segments shall be identified on the applicable portion of Exhibit 2. Unless otherwise specified on Exhibit 2, the City shall not be responsible for any maintenance, repair or replacement of the Greenway Improvements but may notify the County if repairs may be necessary.
- 4.3.2 County Local Improvement Maintenance. The County will be responsible for all routine maintenance for those segments of any City Improvements shown on Exhibit 3 and any addendum to Exhibit 3, if any (collectively referred to herein as "Exhibit 3"). The specific tasks required for routine maintenance relating to individual City Improvements shall be identified on the applicable portion of Exhibit 3. Unless otherwise specified on Exhibit 3, the County shall not be responsible for any maintenance, repair and replacement of the City Improvements but may notify the City if repairs may be necessary.
- 4.3.3 Payment for Cooperative Maintenance. A Party assuming a maintenance obligation under this Agreement shall be compensated according to the amounts, if any, identified on the applicable Exhibit. By way of example, the Exhibits may identify a per mile charge for certain tasks (such as snow removal, cleaning, mowing) and/or a per unit or flat charge for certain asks (such as emptying trash receptacles), or any other appropriate compensation method agreeable to the Parties. In addition, the Parties may provide on the Exhibits that no compensation is appropriate if the Parties agree that their shared maintenance obligations for each other's improvements are roughly equal.

- 4.3.4 Adjustments for Cooperative Maintenance Payments. The City and the County will meet prior to June 1 each year as provided in Article 6 of this Agreement, to evaluate and establish the compensation rates that will be applicable to their respective maintenance obligations for the following calendar year, and the compensation rates may be modified by agreement of the Parties. Following the annual meeting, a Party proposing an increase in compensation rates shall provide written notice of such increase to the other Party's Authorized Representative. The Authorized Representative will respond in writing within 60 days and may request additional information or may, in its discretion, accept or reject the proposed rate increase. If the rate increase is accepted, the Parties shall memorialize a modification to the applicable Exhibit by amendment or by separate addendum referencing this Agreement. If the proposed compensation rate increase is rejected or if the proposed increase has not been accepted or rejected in writing within 60 days from the date the written proposal was submitted, the proposing Party may terminate this Agreement as set forth in Section 8.1.
- **New Improvements.** The Parties will coordinate on the installation of new Greenway improvements and new City improvements that may be connected to current or future Greenway improvements (the "Additional Improvements"). The Parties may include Additional Improvements within the cooperative maintenance responsibilities identified in this Agreement through a written amendment to the Agreement and the applicable Exhibit(s). Any such amendment shall be considered a material amendment under Section 7.3 of this Agreement.

ARTICLE 5 ACCESS AND USE RIGHTS

- 5.1 <u>City Access to Greenway Easements</u>. The City may reasonably access the Greenway Improvements for purposes of fulfilling its obligations under this Agreement and for other purposes related to routine work relating to the City Improvements. The City will contact the County prior to beginning any work that requires Greenway closure, or the use of equipment that interrupts or interferes with the County or the public's use of the Greenway Improvements. The City may be required to obtain a special use permit from the County for such extended access
- **County Access to City Right-of-Way and Property.** The County may reasonably access City right-of-way and other City-owned property for purposes of fulfilling its obligations under this Agreement and for other purposes in connection with routine work relating to improvements owned by the County and connected to City Improvements. The County will contact the City prior to beginning any work that requires any closure of City right-of-way, or the use of equipment that interrupts or interferes with the City's or the public's use of City right-of-way or other property. The County may be required to obtain a special use permit from the City for such extended access.
- **Perpetual License for Greenway Improvements.** The City grants a perpetual license for the County and its employees, agents and contractors to install, maintain, repair and replace the Greenway Improvements for those Greenway segments shown on Exhibit 1 that are located on City property or within City right-of-way. The perpetual license shall survive expiration or termination of this Agreement. The perpetual license shall be subject to the City's right to require relocation of the Greenway Improvements pursuant to applicable law. The City's right to require relocation shall also survive expiration or termination of this Agreement.

Permanent Easements for Greenway Improvements. At the County's request, and limited to City-owned property, the City will replace the license provided for in section 5.3 with permanent easements for the Greenway Improvements shown on Exhibit 1. The City will execute documents reasonably necessary to convey permanent easements for the Greenway Improvements. The County will provide all surveying and other documentation and information necessary for the City to grant the requested permanent easements.

ARTICLE 6 ANNUAL REVIEW

The parties shall confer annually to review the parties' respective maintenance obligations and to discuss any issues the parties may have relating to this Agreement. The annual meeting shall occur on or before June 1 of each year, unless a later date is agreeable to both parties for their convenience.

ARTICLE 7 AMENDMENTS

- **7.1** <u>Amendments.</u> No amendments or variations of the terms and conditions of this Agreement shall be valid unless in writing and signed by the parties' Authorized Representatives.
- Administrative Amendments. The Authorized Representatives may make non-material alterations, amendments, variations, modifications, or waivers to this Agreement without first obtaining authorization form their respective governing bodies. Any such modification or amendment shall not be effective until incorporated as a written amendment to this Agreement pursuant to section 7.1. Notwithstanding the foregoing, the Parties may adjust the compensation rates provided for in Section 4.3.4 through a written addendum explicitly referencing this Agreement and the applicable Exhibit(s). Modification of the maintenance obligations identified in the Exhibits to this Agreement made for the convenience of the Parties shall be considered a non-material amendment, provided that the Parties' Authorized Representatives determine that such modifications do not significantly impact the Party's approved budget for its obligations under this Agreement. Nothing in this Section 7.2 requires a Party to process an amendment administratively if, in the Party's sole discretion, the Party determines that a proposed amendment should be reviewed by its governing body.
- 7.3. Material Amendments. Any material changes to this Agreement, including but not limited to the addition or removal of any Greenway Improvement segments to or from Exhibit 1 or the modification of maintenance obligations that, in the view of an individual Party, significantly impact that Party's maintenance budget, including but not limited to costs of materials, equipment, and wages, shall require authorization and approval by the Parties' respective governing bodies. A Party may unilaterally choose to have its governing body approve an increase in compensation rates established in Section 4.3.4 of this Agreement. A decision by a Party to have its governing body approve one or more annual compensation rate increases shall not require the other Party to also request approval from its governing body.

ARTICLE 8 TERMINATION

- **8.1** With or Without Cause. This Agreement may be terminated with or without cause, by either Party upon sixty (60) calendar days' written notice of intent to terminate.
- **8.2 Non-Appropriation of Funds.** Notwithstanding any provision of this Agreement to the contrary, either Party may terminate this Agreement immediately in the event the Party determines that sufficient funds from City, County, State, or Federal sources are not appropriated at a level sufficient to allow for the performance of this Agreement.

ARTICLE 9 AUTHORIZED REPRESENTATIVES AND LIAISONS
